To Whom it May Concern

RE: EB-3 Project in U.S. with Government approval.

Dear Attorneys/ Brokers,

I, Craig D. Little, have been practicing immigration law in the United States for approximately 15 years helping people with asylum cases and changing many lives for a better life.

Now, I am working with EB-3 Visas to bring employees and employers together in a win win scenario. The employers get hard working immigrants, and the employees get to show their work ethic with the ultimate goal of obtaining a green card for permanent resident status.

Our company, Worldwide Golden Investments, LLC (www.wwgoldeninvestments.com), with Ms. Jurunee McBride leading marketing operations will be the go-between employers, employees, and the law firm of Little and Bousquet.

We have a well trained dedicated team in place and are moving forward on all fronts to add to our expanding immigration practice. We would love to work with partners locally and around the world to help immigrants come to the United States.

We will handle employment-based immigration for professionals, skilled, and non-skilled workers through the EB-3 Visa program as well as others. We understand that hiring a dedicated workforce is a major issue for service-oriented companies in the United States as well as agriculture and construction to continue to thrive in today's competitive marketplace.

We have the team in place and if you have clients willing to immigrate to the U.S. to obtain green cards, we can assist with that goal. Let us show you how with a scheduled phone call, zoom or other platform or live in person.

Further, I have recently returned from Hong Kong, Thailand, and London regarding our EB-3 interests. I will be returning to those countries along with visiting new ones in pursuit of EB-3 opportunities. We work with many US based businesses too, but this can be a game changer for both the employees and employers to maximize opportunities and business growth.

If you have any questions, please feel free to contact my office. Or you can call or text me directly on my cell phone through What's App at 1-337-781-3786.

With kindest regards,

Craig D. Little
